## 8,000 LBS. SLIPPER SPRING FOR DEX-TREME® D160 AXLES

November 25, 2024

Dexter is proud to introduce a new 3" wide slipper spring rated at 8,000 lbs. for the Dex-treme® D160 axle.

The spring is offered in addition to the existing Dexter HDSS and DexAir® suspension for the D160. To match the new 8,000 lbs. slipper spring, several hanger and attaching part kits (HAP) have had their capacity rating increased to 16,000 lbs. per axle.
