## STAINLESS STEEL RANGE HOODS

May 28, 2025

Dexter Vent and Door is pleased to announce that it will now offer Stainless Steel Rangehoods in the under-cabinet P-Series. The P-Series rangehood models are available with standard 100 cfm, 120v ac/60 Hz UL/ CSA certified motors, and front or blower housing mounted two-speed control.

All units include a 24-ga 304 stainless shell, a washable aluminum grease filter, and a 40w light socket. The following models are compatible with the new stainless steel range hoods: PH-Horizontal Exhaust, PC-Combo, PR-Vertical Exhaust, and PD-Ductless.

THE FOLLOWING CHART REPRESENTS AVAILABLE OPTIONS FOR STAINLESS STEEL RANGEHOODS IN THE UNDER-THE-CABINET P SERIES:
