

PRODUCT BULLETIN #508 FORGED PIVOT CLAMPS

December 10, 2024

Dexter has transitioned to a forged pivot clamp for its Air Ride suspension models, including the ISS Series, Smart-Axle®, LSS Series, and Dex-Air®. The previous part numbers 653665-01 (Eccentric Pivot Clamp) and 653666-01 (Plain Pivot Clamp) are now obsolete.

The newly introduced forged pivot clamps offer backward compatibility and the same functionality while enhancing the durability of the pivot connection. They are already being used in production.

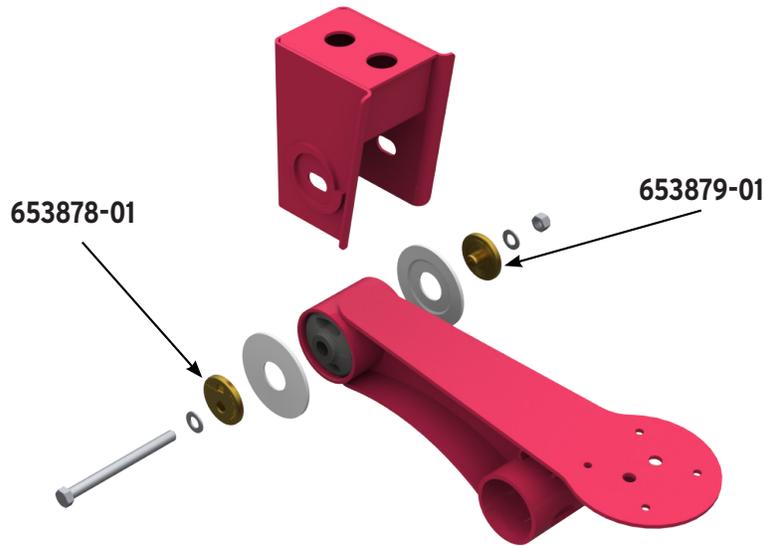

PART DESCRIPTION	OBSOLETE PART NUMBER	NEW PART NUMBER
ECCENTRIC PIVOT CLAMP	653665-01	653878-01
PLAIN PIVOT CLAMP	653666-01	653879-01

OLD STYLE		NEW STYLE	
653665-01	653666-01	653878-01	653879-01

THE TRANSITION TO THE NEW STYLE OF FORGED PIVOT CLAMPS AFFECTS THE FOLLOWING PIVOT KIT FAMILIES.

KIT PN#	KIT DESCRIPTION
653525-01, 02,	PIVOT HARDWARE KIT 7/8" ECCENTRIC COLLAR
